**A BILL FOR A LAW TO GIVE EFFECT TO THE CONVENTION AND
PROTOCOL ON INTERNATIONAL INTERESTS IN AIRCRAFT AND
OTHER MOBILE EQUIPMENT SIGNED AT CAPE TOWN ON 16
NOVEMBER, 2001; AND FOR INCIDENTAL AND CONNECTED
PURPOSES**

THE CAPE TOWN CONVENTION BILL, 2009

MEMORANDUM OF OBJECTS AND REASONS

This Bill seeks to give domestic effect to the relevant provisions of the Convention on International Interests in Mobile Equipment ('the Cape Town Convention') as modified by the Protocol to the Convention on Matters specific to Aircraft Equipment, each concluded at Cape Town, South Africa, on 16 November 2001.

Clause 1 of the Bill provides the short title of the legislation.

Clause 2 sets out the definitions of various terms used in the legislation.

Clause 3 specifies the application and scope of the legislation, namely the recognition of international interests in aircraft objects and associated rights, where the debtor or seller of an aircraft object, as applicable, is situated in a Cape Town Convention state as determined under clause 4 of the Bill or is a Cayman Entity as defined under clause 2 that has elected to be covered by the Law. The clause also enables the Governor in Cabinet by Order to-

- (a) designate additional persons to be included in the definition of Cayman Entity;
- (b) make such declarations as may be necessary under the Cape Town Convention; or
- (c) amend section 18(1) to reflect any subsequent amendment to the Cape Town Convention in that regard.

Clause 4 sets out the criteria for determination of whether a debtor or seller of an aircraft object is situated in a Cape Town Convention State.

Clause 5 specifies that an aircraft object be identified by the manufacturer's serial number, the manufacturer's name and the model designation.

Clause 6 specifies the formal requirements for the constitution of a international interest in an aircraft object, being that the agreement creating or providing for the interest-

- (a) is in writing;
- (b) relates to an aircraft object of which the chargor, conditional seller or lessor has power to dispose;
- (c) identifies the aircraft object in accordance with section 5; and

- (d) in the case of a security agreement, enables the secured obligations to be determined, but without the need to state a sum or maximum sum secured.

Clause 7 provides that a debtor and creditor may at any time agree in writing as to the events that constitute a default or otherwise give rise to the rights and remedies specified in the legislation; and that where the debtor and creditor have not so agreed, default for the purposes of the exercise of remedies means a default which substantially deprives the creditor of what it is entitled to expect under the agreement.

Clauses 8 and 9 set out the remedies for a chargee for default, including the ability of a chargee, to the extent that the chargor has at any time so agreed, or alternatively as authorized by a court on application of the chargee, to exercise any one or more of the following remedies-

- (a) take possession or control of any aircraft object charged to it;
- (b) sell or grant a lease of any such aircraft object; or
- (c) collect or receive any income or profits arising from the management or use of any such aircraft object,

subject, in the case of (b) to reasonable prior notice being given in writing of the proposed sale or lease to-

- (i) any interested person who is a debtor or guarantor; and
- (ii) any other person having rights in or over the aircraft object who has given notice of his rights to the chargee within a reasonable time prior to the sale or lease.

Clause 10 provides that by way of remedy for default, a conditional seller or lessor under a title reservation agreement or a leasing agreement respectively, may terminate the agreement and take possession or control of any aircraft object to which the agreement relates; or apply for a court Order authorizing or directing either of these acts.

Clause 11 specifies the remedies available to a creditor in the event of a default in addition to those set out in clauses 8, 10, 12 and 14, to the extent that the debtor has so agreed and subject to applicable aviation safety legislation.

Clauses 12, 13, 14, 15 and 16 contain miscellaneous supporting provisions in relation to the exercise of default remedies.

Clauses 17, 18, 19, 20 and 21 prescribe the effect of registration of an interest in an aircraft object in the International Registry including the requirements for

validity; who has the capacity to effect registration and the duration of registration; and the nature of the interests that can be registered, including-

- (a) international interests, prospective international interests and registrable non-consensual rights or interests;
- (b) assignments and prospective assignments of international interests;
- (c) acquisitions of international interests by legal or contractual subrogations under the applicable law;
- (d) “notices of a national interest”, as defined in the Cape Town Convention, under the laws of a Cape Town Convention State or the Islands permitting such notice through a declaration thereunder made by that State or the Islands;
- (e) subordinations of interests referred to in any of the preceding paragraphs; and
- (f) sales and prospective sales.

Clause 22 provides for information searches within the International Registry.

Clause 23 provides for the evidentiary value of a certificate issued by the International Registry.

Clause 24 sets out the circumstances under which a discharge of a registration is to be procured.

Clauses 25 and 26 provide for the legal personality and immunity of the Supervisory Authority and the standard and extent of liability of the Registrar in the event of errors or omissions.

Clauses 27, 28 and 29 set out the priority of competing interests, namely that a registered interest has priority over any other interest subsequently registered and over an unregistered interest; that in insolvency proceedings against the debtor or the seller, an international interest or sale, as applicable, is effective if prior to the commencement of the insolvency proceedings that interest or sale was registered in conformity with this Law, subject to the Fraudulent Dispositions Law (1996 Revision) and any rules of law applicable in insolvency proceedings relating, *inter alia* to the avoidance of a transaction as a preference or a transfer in fraud of creditors; and further specifies the treatment of a priority non-consensual right or interest.

Clauses 30, 31, 32, 33, 34, 35, 36 and 37 provide for the assignment of associated rights and international interests and rights of subrogation; default remedies in respect of assignment by way of security; and priority of competing assignments.

Clauses 38, 39, 40, 41 and 42 deal with matters of jurisdiction other than jurisdiction in insolvency proceedings.

Clause 43 contains a transitional provision that provides that the Law does not apply to a pre-existing right or interest.

Clause 44 provides for the making of regulations by the Governor in Cabinet.

(4) Without prejudice to subsection (2), this Law shall also apply in relation to a helicopter, or to an airframe pertaining to an aircraft, registered in an aircraft register of a Cape Town Convention State which is the State of registry, and where such registration is made pursuant to an agreement for registration of the aircraft it is deemed to have been effected at the time of the agreement.

- (b) any other person having rights in or over the aircraft object who has given notice of his rights to the chargee within a reasonable time prior to the sale or lease.

(4) Any sum collected or received by the chargee as a result of the exercise of any of the remedies set out in subsection (1) shall be applied towards the discharge of the amount of the secured obligations.

(5) Where the sums collected or received by the chargee as a result of the exercise of any remedy set out in subsection (1) exceed the amount secured by the security interest and any reasonable costs incurred in the exercise of any such remedy, then unless otherwise ordered by the court the chargee shall distribute the surplus among holders of subsequently ranking interests which have been registered or of which the chargee has been given notice, in order of priority, and pay any remaining balance to the chargor.

Vesting of aircraft object
in satisfaction;
redemption

9. (1) At any time after default as provided in section 7, the chargee and all interested persons may agree that ownership of (or any other interest of the chargor in) any aircraft object covered by the security interest shall vest in the chargee in or towards satisfaction of the secured obligations.

(2) The court may on the application of the chargee order that ownership of (or any other interest of the chargor in) any aircraft object covered by the security interest shall vest in the chargee in or towards satisfaction of the secured obligations.

(3) The court shall grant an application under subsection (2) only if the amount of the secured obligations to be satisfied by such vesting is commensurate with the value of the aircraft object after taking account of any payment to be made by the chargee to any of the interested persons.

(4) At any time after default as provided in section 7 and before sale of the charged aircraft object or the making of an Order under subsection (2), the chargor or any interested person may discharge the security interest by paying in full the amount secured, subject to any lease granted under section 8 (1)(b); and where, after such default, the payment of the amount secured is made in full by an interested person other than the debtor, that person is subrogated to the rights of the chargee.

(5) Ownership or any other interest of the chargor passing on a sale under section 8(1)(b) or passing under subsection (1) or (2) is free from any other interest over which the chargee's security interest has priority under section 27.

seller or lessor

10. In the event of default under a title reservation agreement or under a leasing agreement as provided in section 7, the conditional seller or the lessor, as the case may be, may terminate the relevant agreement and take possession or control of any aircraft object to which such agreement relates; or apply for a court Order authorizing or directing either of these acts.

- (b) even as regards value given by the holder of the first-mentioned interest with such knowledge.
