- (a) where the permission relates to the carrying out of building or other operations, at any time before those operations have been completed; or
- (b) where the permission relates to a change of the use of any land, at any time before the change has taken place and the power conferred by this section to modify permission to develop land may be exercised at any time; but the revocation or modification of permission for the carrying out of building or other operations shall not affect so much of those operations as has been previously carried out.

(3) Where permission to develop land is revoked or modified by an order made under this section, then if on a claim made to the Authority within six months of the making of the order, it is shown that any person interested in the land has incurred expenditure in carrying out work that is rendered abortive by the revocation or modification, or has otherwise sustained loss or damage that is directly attributable to the revocation or modification, the Authority shall pay to that person compensation in respect of that expenditure, loss or damage.

(4) No compensation shall be payable under subsection (3) in respect of loss or damage consisting of the depreciation in value of any interest in the land by virtue of the revocation or modification.

(5) For the purposes of this section, any expenditure incurred in the preparation of plans for the purposes of any work or upon other matters preparatory thereto shall be deemed to be included in the expenditure incurred in carrying out that work, but except as aforesaid no compensation shall be paid under this section in respect of any work carried out before the grant of the permission that is revoked or modified, or by reason of any other loss or damage

(other than loss or damage by way of depreciation in value of an interest in land) arising out of anything done before the grant of that permission.

(6) Where the permission that is revoked or modified by an order under this section is permission for which compensation would be payable under Part IV in the circumstances therein mentioned, sections 31, 34 and 35 shall apply as if for references in section 31 to the refusal of the permission or the imposition of conditions on the grant thereof there were substituted references to the revocation of permission or the modification thereof by the imposition of conditions and section 31(1) shall have effect as if for the words “if the permission had been granted or had been granted unconditionally” there were substituted the words “if the permission had not been revoked or had not been modified”.

(7) Where by virtue of this section, compensation is payable in respect of expenditure incurred in carrying out any work on land, then if the Authority purchases any interest in that land, or a claim for compensation is made in respect of any such interest under section 31, any compensation payable in respect of that interest, or as the case may be, any compensation payable in respect of the interest under section 31 shall be reduced by an amount equal to the value of the works in respect of which compensation is payable under this section.

18. (1) If it appears to the Director that any development of land has been carried out after the appointed day without the grant of permission required in that behalf under this Part, or that any conditions subject to which such permission was granted in respect of any development have not been complied with, then the Director may, within three years of such development being carried out, or in the case of non-compliance with a condition, within three years after the date of the alleged failure to comply with it, if he considers it expedient so to do having regard to the provisions of the development plan and to any other material considerations, serve on the owner and occupier of the land a notice under this section.

Enforcement of planning control

(2) Where a prospective purchaser of any land serves notice on the Director that-

- (a) he intends purchasing land described in the notice; and
- (b) he is unaware of any development having been carried out on that land without the grant of permission in that behalf,

then, unless the Director, within thirty-eight days of the receipt of such notice notifies such prospective purchaser of any development which has been carried out on that land without permission granted in that behalf, then all development thereon at the time of the receipt of such notice by the Director shall, for the purposes of any enforcement notice thereafter issued, be deemed to have been permitted by the Director.

(3) Any notice served under subsection (1) (in this Law called an “enforcement notice”) shall specify the development that is alleged to have been carried out without the grant of such permission as aforesaid or, as the case may be, the matters in respect of which it is alleged that any such conditions as aforesaid have not been complied with, and may require the taking of such steps as may be specified for restoring the land to its condition before the development took place, or for securing compliance with the conditions, as the case may be and in particular any such notice may, for the purpose aforesaid, require the demolition or alteration of any buildings or works, the discontinuance of any use of the land or the carrying out on land of any building or other operations.

2004 Revision

(4) An enforcement notice requiring the removal, or discontinuance of the display, of an advertisement or sign shall have effect in respect of the whole of the parcel (as defined in the Registered Land Law (2004 Revision)) on which the advertisement or sign is displayed.

(5) Except as otherwise provided in this section, an enforcement notice shall take effect at the expiration of such period after the service thereof, as may be specified therein.

(6) When, within the period mentioned in subsection (5), an application is made to the Director under this Part for permission-

- (a) for the retention on the land of any buildings or works to which the enforcement notice relates; or
- (b) for the continuance of any use of the land to which the enforcement notice relates,

the operation of the enforcement notice shall be suspended pending the final determination of the application, and if the permission applied for is granted on that application, the enforcement notice shall not take effect.

(7) When within the period mentioned in subsection (5), an appeal is made to the Authority under section 19 by a person on whom the enforcement notice was served, the operation of the enforcement notice shall be suspended pending the final determination or withdrawal of the appeal.

(8) After the expiry of a period of five days from the date of service of an enforcement notice requiring the removal, or discontinuance of the display, of an advertisement or sign, the Director, or a person authorised by the Director, may remove the advertisement or sign and dispose of it fifteen days after the removal.

Appeal against
enforcement notice

19. (1) A person having an interest in the land to which an enforcement notice relates may, within fourteen days of service of the notice, appeal to the Authority against the notice, whether or not a copy of it has been served on him.

- (2) An appeal may be brought on the grounds that-
- (a) the matters alleged in the enforcement notice do not constitute a breach of planning control;
 - (b) the breach of planning control alleged in the enforcement notice has not taken place;
 - (c) the appellant, being a prospective purchaser of the land to which the enforcement notice relates, had served notice on the Director in accordance with section 18(2) and that the Director has failed to notify the appellant that the development to which the enforcement notice relates had been carried out without permission;
 - (d) the breach of planning control alleged by the enforcement notice occurred on a date earlier than three years before the date on which the notice was served;
 - (e) the steps required by the enforcement notice to be taken exceed what is necessary to remedy any breach of planning control or to achieve a purpose specified in section 18(3); or
 - (f) the period specified in the enforcement notice as the period within which any step is to be taken falls short of what should reasonably be allowed.
- (3) On any appeal under this section, the Authority-
- (a) if satisfied that grounds (a), (b), (c) or (d) of subsection (2) have been proven, shall quash the enforcement notice;
 - (b) if satisfied that a variation of the enforcement notice on grounds (e) or (f) or both of subsection (2) would be appropriate, may vary the notice accordingly; or
 - (c) in any other case, shall dismiss the appeal.

(4) Where the enforcement notice is varied or the appeal dismissed, the notice, unless the Authority otherwise directs, shall take effect on the date of determination of the appeal.

(5) *Repealed by section 16 of Law 19 of 2014.*

20. (1) If, within the period specified in a enforcement notice, or within such extended period as the Director may allow, any steps required by the enforcement notice to be taken (other than the discontinuance of any use of land) have not been taken, the Director may enter on the land and take those steps and may recover as a simple contract debt in any court of competent jurisdiction from the person who is then the owner of the land any expenses reasonably incurred by the Director in that behalf; and if that person, having been entitled to appeal to the Authority under section 19, has failed to make such an appeal, he shall not be entitled in

Supplementary provisions as to enforcement

proceedings under this subsection to dispute the validity of the action taken by the Director upon any ground that could have been raised by such an appeal.

(2) Any expenses incurred by the owner or occupier of any land for the purposes of complying with an enforcement notice served under section 18, in respect of any development and any sums paid by the owner of any land under subsection (1) in respect of the expenses of the Director in taking steps required to be taken by such an enforcement notice, shall be deemed to be incurred or paid for the use and at the request of the person by whom the development was carried out.

(3) Where, by virtue of an enforcement notice, any use of land is required to be discontinued, or any conditions are required to be complied with in respect of any use of land or in respect of the carrying out of operations thereon, then a person who, without the grant of permission in that behalf under this Part, uses the land or causes or permits to be carried out those operations, in contravention of the enforcement notice, commits an offence and is liable on summary conviction to a fine of five thousand dollars and, in the case of a continuing offence, to a further fine of two hundred dollars for every day after the first day during which the use is so continued.

(4) Nothing in this Part shall be construed as requiring permission to be obtained thereunder for the use of any land for the purpose for which it could lawfully have been used under this Part if the development in respect of which an enforcement notice served under section 18 had not been carried out.

Penalties for failure to comply with certain enforcement notices

21. (1) Subject to this section, where an enforcement notice has been served under section 18 on the person who was, when the notice was served on him, the owner or occupier of the land to which the enforcement notice relates and within the period specified in the enforcement notice, or within such extended period as the Director may allow, any steps required by the enforcement notice to be taken (other than the discontinuance of any use of land) have not been taken, that person commits an offence and is liable on summary conviction to a fine of five thousand dollars and, in the case of a continuing offence, to a further fine of one thousand dollars for every day after the first day during which the requirements of the enforcement notice (other than the discontinuance of any use of land) remain unfulfilled.

(2) If a person against whom proceedings are brought under this section has at some time before the end of the period specified in the enforcement notice for compliance with the notice (or of such extended period as the Director may allow for compliance with the notice) ceased to be the owner or occupier of the land, he shall, upon information duly laid by him and on giving to the prosecution not less than three days' clear notice of his intention, be entitled to have the

person who then became the owner or occupier of the land joined in the proceedings.

(3) If, after it has been proved that any steps required by the enforcement notice have not been taken as aforesaid, the original defendant proves that the failure to take the steps was attributable in whole or in part to the default of the person joined in the proceedings as aforesaid, that person may be convicted of the offence and if the original defendant further proves that he took all reasonable steps to secure compliance with the enforcement notice, he shall be acquitted of the offence.

22. (1) Compliance with an enforcement notice may call for -

Continuing operation of enforcement notices

- (a) the demolition or alteration of any buildings or works;
- (b) the discontinuance of any use of land; or
- (c) any other requirements in the enforcement notice.

(2) Without restricting the generality of subsection (1), where any development is carried out on land by way of reinstating or restoring buildings or works that have been demolished or altered in compliance with an enforcement notice, the enforcement notice shall, notwithstanding that its terms are not apt for the purpose be deemed to apply in relation to the buildings or works as reinstated or restored as it applied in relation to the buildings or works before they were demolished or altered, and section 20(1) and (2) shall apply accordingly.

(3) Without affecting the operation of section 21, a person who carries out any development on land by way of reinstating or restoring buildings or works that have been demolished or altered in compliance with an enforcement notice commits an offence and is liable on summary conviction to a fine of five thousand dollars.

23. (1) Where in respect of any land the Director -

Stop notice

- (a) has served a copy of an enforcement notice requiring a breach of planning control to be remedied; but
- (b) considers it expedient to prevent before the expiry of the period allowed for compliance with the enforcement notice the carrying on of any activity which is or is included in a matter alleged by the notice to constitute the breach, then, subject to the following provisions of this section, the Director may, at any time before the notice takes effect, serve a notice (in this Law referred to as a "stop notice") referring to and having annexed to it a copy of the enforcement notice and prohibiting the carrying out of that activity on the land, or on any part of the land specified in the stop notice.

- (2) A stop notice shall not prohibit-
- (a) the use of any building as a dwelling-house; or
 - (b) the taking of any steps specified in the enforcement notice as required to be taken in order to remedy the breach of planning control,

and where an activity has been carried out (whether continuously or otherwise) without planning permission on land for a period which commenced more than twelve months before the date on which a stop notice is served, the stop notice shall not prohibit the carrying out of that activity on that land unless it is, or is incidental to, building engineering or other operations.

- (3) A stop notice shall cease to have effect when-
- (a) the enforcement notice is withdrawn or quashed;
 - (b) the period allowed for compliance with the enforcement notice expires; or
 - (c) notice of the withdrawal of the stop notice is first served under subsection (5),

and a stop notice shall also cease to have effect if or to the extent that the activities prohibited by it cease, on a variation of the enforcement notice, to be included in the matters alleged by the enforcement notice to constitute a breach of planning control.

(4) A stop notice may be served by the Director on any person who appears to the Director to have an interest in the land or to be engaged in any activity prohibited by the notice; and where a stop notice has been served in respect of any land, the Director may display on the land a notice (in this section referred to as a “site notice”) stating that a stop notice has been served and that any person contravening it may be prosecuted for an offence under this section, giving the date when the stop notice takes effect and indicating its requirements.

(5) The Director may, at any time, withdraw a stop notice (without prejudice to its power to serve another) by serving a notice to that effect on the persons served with the stop notice and, if a site notice was displayed in respect of the stop notice, by displaying a notice of the withdrawal in place of the site notice.

- (6) Subject to subsection (7), a person who contravenes, causes or permits the contravention of a stop notice-
- (a) after a site notice has been displayed; or
 - (b) if a site notice has not been displayed, more than two days after the stop notice has been served on him,

commits an offence and is liable on summary conviction to a fine of five thousand dollars, and if the offence is continued after conviction, commits a further offence

and is liable on summary conviction to a fine of one thousand dollars for each day on which the offence is continued.

(7) In proceedings for an offence under this section it shall be a defence for the accused to prove that the stop notice was not served on him and that he did not know, and could not reasonably have been expected to know, of its existence.

(8) A stop notice shall not be invalid by reason that a copy of the enforcement notice to which it relates was not served as required by section 18(1), if it is shown that the Director took all such steps as were reasonably practicable to effect proper service.

(9) Any reference in this section to the period allowed for compliance with an enforcement notice shall be construed in accordance with section 20(1) or 21(1).

24. *Repealed by section 20 of Law 19 of 2014.*

Repealed

24A. (1) Where the Director considers it necessary or expedient for any actual or apprehended breach of planning control to be restrained by injunction, the Director may apply to the Grand Court for an injunction.

Grant of injunction

(2) On an application under subsection (1), the Grand Court may grant such an injunction as the Court thinks appropriate for the purpose of restraining the breach.

25. (1) If it appears to the Authority that it is expedient in the interests of amenity to make provision for the preservation of any tree, trees or woodlands in any area, it may, for that purpose, make an order (in this Law referred to as a tree preservation order) with respect to any such tree, trees, groups of trees or woodlands as may be specified in the order; and, in particular, provision may be made by any such order-

Preservation of trees and woodlands

- (a) for prohibiting (subject to any exemptions for which provision may be made by the order) the cutting down, topping or wilful destruction of trees except with the consent of the Authority which may be given subject to conditions;
- (b) for securing the replanting, in such a manner as may be prescribed by or under the order, of any part of a woodland area that is felled in the course of forestry operations permitted by or under the order;
- (c) for applying, in relation to any consent under the order, and to applications therefor, any of the provisions of this Part relating to permission to develop land, and to applications for any such

permission, subject to such adaptations and modifications as may be specified in the order; and

- (d) for the payment by the Authority, subject to such exceptions and conditions as may be specified in the order, of compensation in respect of damage or expenditure caused or incurred in consequence of the refusal of any consent required under the order, or the grant of any such consent subject to conditions.

(2) Provision may be made by regulations with respect to the form of tree preservation orders and the procedure to be followed in connection with the making and approval of such orders, and such regulations shall, in particular, make provision for securing-

- (a) that notice shall be given to the owners and occupiers of land affected by any such order;
- (b) that objections and representations with respect to the proposed order duly made in accordance with the regulations shall be considered before the order is made by the Authority; and
- (c) that copies of the order when it comes into operation shall be served on the owners and occupiers of the land to which it relates.

(3) Notwithstanding subsection (2), where it appears to the Authority that any tree preservation order should take effect immediately, they may make the order provisionally without complying with the requirements of any regulations with respect to the consideration of objections and representations, but any order so made shall cease to have effect upon the expiration of two months from the date on which it is so made unless within that period it has again been made, with or without modifications, after compliance with those requirements.

(4) Without limiting the other exemptions for which provision may be made by a tree preservation order, no such order shall apply to the cutting down, topping or lopping of trees in compliance with any obligation imposed by or under any law or so far as may be necessary for the prevention or abatement of a nuisance.

(5) A person who contravenes a tree preservation order, commits an offence and is liable on summary conviction to a fine of four hundred dollars and in the case of a continuing offence, to a further fine of twenty dollars for every day after the first day during which the contravention is so continued.

Mangrove buffer

26. Mangrove buffer as indicated on a development plan shall not be the subject of development or clearance other than by persons authorised in that behalf by the Authority and to the extent and in the manner, if any, directed by them.

Repealed

27. *Repealed by section 9 of Law 30 of 2010.*

28. (1) Without prejudice to this or any other law, a person who, without the express permission of the Authority, given in writing takes or removes any sand, gravel, pebbles, stone, coral or other filling from any area between mean high water mark and five hundred feet inland thereof, or from any land covered by water, commits an offence and is liable on summary conviction to a fine of five hundred dollars and to imprisonment for three months in respect of each separate taking or removal, and a person who aids or abets any person in the commission of such offence shall, on summary conviction, be punishable in the same manner as the principal offender:

Taking ballast from shoreline an offence

Provided that nothing in this subsection shall apply to the taking or removal for domestic purposes by any person of any of the substances hereinbefore referred to in a quantity not exceeding one cubic yard in any one month.

(2) A person who, in any area or land referred to in subsection (1), is found by any constable in possession or control of sand, gravel, pebbles, stone, coral or other filling loaded or being loaded in or being unloaded from any vehicle shall be deemed to have contravened subsection (1) until he proves the contrary.

29. For the avoidance of doubt it is hereby declared that this Part shall apply to the development of land in Cayman Brac and Little Cayman irrespective of whether any of the functions of the Authority under this Part have been delegated to the Board.

Application of Part III to development in Cayman Brac and Little Cayman

PART IIIA-Land Adversely Affecting Amenity of Neighbourhood

29A. (1) If it appears to the Authority that the amenity of an area is adversely affected or seriously injured by reason of the ruinous, dilapidated or other condition of any building, or by the condition of land due to the deposit of refuse, spoil or derelict vehicles or the occupation of land or a road for purposes of the repair of vehicles, it may serve a notice under this section on -

Power to require proper maintenance of land

- (a) the owner or occupier of the land or building; or
- (b) the person responsible for causing the condition of the land or building.

(2) The notice shall require such steps for remedying the condition of the land or building as may be specified in the notice to be taken within such period as may be so specified.

(3) Subject to the following provisions of this Part, the notice shall take effect at the end of such period as may be specified in the notice.

29B. (1) The provisions of this section shall have effect where a notice has been served under section 29A.

Penalty for non-compliance with notice under section 29A

2015 Revision

(2) If any owner or occupier of the land or building on whom the notice was served fails to take steps required by the notice within the period specified in it for compliance with it, he commits an offence and is liable on summary conviction to a fine of -

- (a) five thousand dollars per day from the date that the notice takes effect in accordance with section 29A(3) in relation to land or a building in a zone other than a Hotel/Tourism zone or a Commercial zone as defined in the Development and Planning Regulations (2015 Revision); or
- (b) twenty-five thousand dollars per day from the date that the notice takes effect in accordance with section 29A(3) in relation to land or a building in a Hotel/Tourism zone or a Commercial zone as so defined,

and, in default of the payment of the fine, to imprisonment for a term of six months.

(3) Where proceedings have been brought under subsection (2) against a person as the owner of the land or building and he has, at some time before the end of the compliance period, ceased to be the owner of the land or building, if he-

- (a) duly lays information to that effect; and
- (b) gives the prosecution not less than three clear days' notice of his intention,

he shall be entitled to have the person who then became the owner of the land or building brought before the court in the proceedings.

(4) Where proceedings have been brought under subsection (2) against a person as the occupier of the land or building and he has, at some time before the end of the compliance period, ceased to be the occupier of the land or building, if he -

- (a) duly lays information to that effect; and
- (b) gives the prosecution not less than three clear days' notice of his intention,

he shall be entitled to have brought before the court in the proceedings the person who then became the occupier of the land or building or, if nobody then became the occupier, the person who is the owner at the date of the notice.

(5) Where in such proceedings -

- (a) it has been proved that any steps required by the notice under section 29A have not been taken within the compliance period; and

- (b) the original defendant proves that the failure to take those steps was attributable, in whole or in part, to the default of a person specified in the notice under subsection (3) or (4),

then -

- (i) that person may be convicted of the offence; and
- (ii) if the original defendant also proves that he took all reasonable steps to ensure compliance with the notice, he shall be acquitted of the offence.

(6) If, after a person has been convicted under the previous provisions of this section, he does not as soon as practicable do everything in his power to secure compliance with the notice, he commits a further offence and is liable on summary conviction to a fine of -

- (a) one hundred dollars for each day following his first conviction on which any of the requirements of the notice remain unfulfilled, in relation to land or a building in a zone other than a Hotel/Tourism zone or a Commercial zone as defined in the Development and Planning Regulations (2015 Revision); or
- (b) two thousand dollars for each day following his first conviction on which any of the requirements of the notice remains unfulfilled in relation to land or a building in a Hotel/Tourism zone or a Commercial zone as so defined,

2015 Revision

and, in default of the payment of the fine, to imprisonment for a term of three months.

(7) Any reference in this section to the compliance period, in relation to a notice, is a reference to the period specified in the notice for compliance with it.

29C. (1) A person on whom a notice under section 29A is served, or any other person having an interest in the land to which the notice relates, may, at any time within the period specified in the notice as the period at the end of which it is to take effect, appeal against the notice on any of the following grounds -

Appeal to summary court against notice under section 29A

- (a) that the condition of the land or building to which the notice relates does not adversely affect the amenity of the area;
- (b) that the condition of the land or building to which the notice relates is attributable to, and is such as results in the ordinary course of events from, the carrying on of operations or a use of land which is not in contravention of Part III;
- (c) that the requirements of the notice exceed what is necessary for preventing the condition of the land or building from adversely affecting the amenity of the area; and

(d) that the period specified in the notice as the period within which any steps required by the notice are to be taken falls short of what should reasonably be allowed.

(2) An appeal under this section shall be made to a court of summary jurisdiction.

(3) Where such an appeal is brought, the notice to which it relates shall be suspended and shall not take effect pending the final determination or withdrawal of the appeal.

(4) On such an appeal, the court may correct any informality, defect or error in the notice if satisfied that the informality, defect or error is not material.

(5) On the determination of such an appeal the court shall give directions for giving effect to its determination, including, where appropriate, directions for quashing the notice or for varying the terms of the notice in favour of the appellant.

(6) Where the notice is varied or the appeal dismissed or withdrawn by the appellant, the notice, unless the court directs otherwise, shall take effect on the date of determination of the appeal.

(7) Where any person has appealed to a court under this section against a notice, neither that person nor any other shall be entitled, in any other proceedings instituted after the making of the appeal, to claim that the notice was not duly served on the person who appealed.

Appeal to Grand Court

29D. Where an appeal has been brought under section 29C, an appeal against the decision of the court of summary jurisdiction on that appeal may be brought to the Grand Court by the appellant or by the Authority.

Execution and cost of works required by notice under section 29A

29E. (1) If, within the period specified in a notice under section 29A in accordance with subsection (2) of that section, any steps required by the notice to be taken have not been taken, the Authority may -

- (a) enter the land or building and take those steps; and
- (b) recover from the person who is then the owner of the land or building any expenses reasonably incurred by the Authority in doing so.

(2) Where a notice has been served under section 29A -

- (a) any expenses incurred by the owner or occupier of any land or building for the purpose of complying with the notice; and

- (b) any sums paid by the owner of any land or building under subsection (1) in respect of expenses incurred by the Authority in taking steps required by such a notice,

shall be deemed to be incurred or paid for the use and at the request of the person who caused or permitted the land or building to come to be in the condition in which it was when the notice was served.

(3) Where by virtue of this section any expenses are recoverable by the Authority, those expenses shall be recoverable as a simple contract debt in any court of competent jurisdiction, or there may be the imposition of a caution or restriction on the property in accordance with Part VIII of the Registered Land Law (2004 Revision).

PART IV-Compensation for Refusal, or Conditional Grant of, Planning Permission

30. In this Part-

Definition of "planning decision"

"planning decision" means in the case of an application for permission to develop made under Part III, a refusal of that permission or a grant thereof whether or not subject to conditions.

31. (1) If, on a claim made to the Authority in the manner prescribed by regulations made under this Law, it is shown that, as a result of a planning decision involving a refusal of permission or a grant thereof subject to conditions, the value of the interest of any person in the land to which the planning decision relates is less than it would have been if the permission had been granted or had been granted unconditionally, then the Authority shall, subject to this Part, pay to that person compensation of an amount equal to the difference.

Compensation for planning decisions

(2) In determining for the purposes of subsection (1) to what extent, if any, the value of any interest in land is less than it would have been if the permission therein referred to had been granted or had been granted unconditionally, it shall be assumed that any subsequent application for permission in respect of the land would be determined in the same way, except that if, on the refusal of permission for the development in respect of which application is made, the Authority undertakes to grant permission for any other development of the land in the event of an application being made in that behalf, regard shall be had to the undertaking in determining the matter aforesaid.

32. (1) Subject to any regulations, compensation under this Part shall not be payable-

No compensation payable in certain cases

- (a) in respect of the refusal of permission for any development that consists of or includes the making of any material change in the use of any buildings or other land;
- (b) in respect of the refusal of permission to develop land if the reason or one of the reasons stated for the refusal is that the development of the kind proposed would be premature by reference to -
 - (i) the order of priority, if any, indicated in the development plan for the area in which the land is situated for development in that area; or
 - (ii) any existing deficiency in the provision of roads, water supplies or sewerage services and the period within which any such deficiency may reasonably be expected to be made good;
- (c) in respect of the refusal of permission to develop land if the reason or one of the reasons stated for the refusal is that the land is unsuitable for the proposed development on account of its liability to flooding or subsidence;
- (d) in respect of the imposition, on the granting of permission to develop land of any condition relating to-
 - (i) the number or disposition of buildings on any land;
 - (ii) the dimensions, design, structure or external appearance of any building, or the materials to be used in its construction;
 - (iii) the manner in which any land is to be laid out for the purposes of the development including the provision of facilities for the parking, loading, unloading or fuelling of vehicles on land;
 - (iv) the use of any buildings or other land; or
 - (v) the location or design of any means of access to a highway, or the materials to be used in the construction thereof; or
- (e) in respect of the refusal of permission for any development where such development was prohibited or permission could have been refused under the former Law or any statutory instrument made thereunder in force immediately prior to the 17th day of January, 1972.

(2) For the purpose of this section, a planning decision whereby permission to develop land is granted subject to a condition prohibiting development of a specified part of that land shall be treated as a decision refusing the permission as respects that part of the land.

(3) For the avoidance of doubt, it is hereby declared that paragraph (a) of subsection (1) applies only to a building or other land which has a predominant existing use at the time when, or within two years before, a development plan

takes effect, including use as agricultural land, or to any land which has been developed after a development plan takes effect, but does not apply to land which has not been developed in any way.

33. (1) Subject to any regulations, compensation under this Part shall not be payable in respect of a planning decision whereby permission is refused for the development of land if, notwithstanding that refusal, there is available with respect to that land planning permission for development to which this section applies.

No compensation if other development permitted

(2) Where planning permission for development to which this section applies is available with respect to part only of the land, this section shall have effect only insofar as the interest subsists in that part.
